8:05 – 8:20
OFFICIAL SEMINAR OPENING

8:20 – 9:20
KEYNOTE ADDRESS
MINDFUL LEADERSHIP
PROF. ANDREW HOPKINS

Professor Andrew Hopkins (ANU) is a world renowned expert in the analysis of the causes of major industrial accidents and has assisted many international organisations in improving and developing systems of prevention. His presentation will pinpoint the role of leaders in ensuring safety and how they must be aware of the way in which things can go wrong. He will describe what mindful leaders do to encourage safe operation.

[Prof. Hopkins' appearance is sponsored by the Institute of Quarrying Australia.]

9:20 – 9:50
SAFETY LEADERSHIP CASE STUDY
DEAN CIPOLLA
JOHN HOLLAND

Dean will present a Case Study on Safety Leadership at John Holland and explain the importance of the role of line managers / supervisors in effective safety leadership.

9:50 – 10:20
MORNING TEA

10:20 – 10:40
THE CHALLENGE OF CHANGE
LEADERSHIP, LEARNING AND ENGAGEMENT
MICHAEL ROSENGREN
THIESS

The greatest way that we demonstrate care for our people, is in our attitude and approach to safety. Michael will discuss the challenges in finding an approach to safety that caters for the diversity of people within the workforce and doesn't rely on experience as the teacher. This involves finding a common language, changing mindsets, and a simple system and tools to "provide" the experience and make it feel real.

10:40 – 11:20
INCIDENT CASE STUDIES
PHIL GOODE
MINES AND ENERGY

*"There are no new types of accidents;
 only people with short memories."*

Phil will present case studies of a selection of recent incidents in Queensland mines and quarries and discuss the lessons learnt.

11:20 – 11:50
CONTROLLING ELECTRICAL INSTALLATIONS
LIONEL SMITH
MINES AND ENERGY

Lionel's presentation will examine what it means to control electrical activities onsite, benefits of early interaction with the Electrical Inspector and recording of details of the electrical installation and ongoing maintenance.

11:50 – 12:10
SAFETY APPLICATIONS FOR GPS TECHNOLOGY
BRENT DANIEL
ULTIMATE POSITIONING

As machine guidance systems develop, so does their ability to contribute and improve upon industry safety measures. Brent will give an overview of where this fast developing technology is today and where it is heading into the future. The presentation will include a look into avoidance zones, collision avoidance and system limitations that need to be considered when using such technology based solutions.

12:10 – 12:40
EARTHMOVING PLANT
OPERATOR VISION SOLUTIONS
PETER WOODFORD
LSM TECHNOLOGIES

Peter will explain the new international standards dealing with earthmoving equipment operator visibility - ISO 5006:2006 and ISO 16001:2008 and demonstrate how we can use these standards to enable efficient and safe operation of earthmoving equipment in the mining and quarrying industries.

12:40 – 1:40
LUNCH

Presentations

1:40 – 2:10
EMERGENCY PLANS
PETER ELLIOTT
EMERGENCY MANAGEMENT
QUEENSLAND HELICOPTER RESCUE

Peter is a Rescue Crew Officer and Qualified Aircrew Officer working at Emergency Management Queensland Helicopter Rescue Townsville Base. He will discuss the importance of emergency plans, appropriately trained and equipped emergency response personnel and the considerations and requirements for evacuation of personnel, specifically by helicopter.

2:10 – 2:30
SMALL MINES STRATEGY
WAYNE SCOTT
MINES AND ENERGY

The Mines Inspectorate in conjunction with the Institute of Quarrying Australia have implemented a Small Mines Campaign which includes training and mentoring for small mines in risk management techniques and developing and implementing a safety and health management system. Wayne's presentation will include background to the small mines strategy, progress of the campaign to date, including industry feedback, achievements and issues that have arisen.

2:30 – 3:30
SPECIAL GUEST SPEAKER
KEVIN SHEEDY

Kevin is one of the AFL's most enduring coaches and arguably the most imaginative in the history of the craft. A player and coach for 40 years, Kevin has an unsurpassed record of involvement in 8 Premierships. He excels at promoting positive and lateral thinking by encouraging management and staff to think outside the square.

[Kevin Sheedy appears by arrangement with Caxton Speakers International.]
